

Man's Wrath by Weather Manipulation... It Has Begun!

"And there shall be great earthquakes in various places, and scarcities of food and deadly diseases. And there shall be horrors, and great signs from heaven." (Luke 21:11)

The best warfare...weather manipulation! When all else fails, just blame it on the rain or better yet **blame** God...you betcha it'll work! Have you ever heard of **chemtrails**? Do not get this confused with contrails. Chemtrails are poisonous chemicals that are being sprayed in the sky. Not only are they causing people to get sick (causing the increase in diseases such as asthma, upper respiratory problems, meningitis, etc) and hammering the body with heavy metal poisoning but they can change weather condition also.

These chemtrails have been known to carry a long list of very biohazardous material. Some of these harmful agents include: Bacilli, Molds, Fungus, Streptomycin, Enterobacteriaceae, Jet Fuel and Barium.

What is the purpose in spraying harmful agents over our beautiful sky? There are many theories as to why. Some claim to help aide in the depopulation of billions of souls, easy management for the **New World Order**. While others claim, the chemtrails can actually cause people to be somewhat sleepy, sort of like a continual trance zombie like state. The following will reveal what our battle is against: "Because we do not wrestle against flesh and blood, but against principalities, against authorities, against the world-rulers of the darkness of this age, against spiritual *matters* of wickedness in the heavenlies." (Eph. 6:12)

Clearly, something is going on above our heads. This tract is not to convince anyone that these

chemtrails exist but to share some truth as to why this is happening. Many of the theories, I believe are indeed correct. However, the main reason has been hidden to those who cannot discern the signs of the times.

Have an open mind and hold onto my hand, we are about to step outside the box. As we stand outside the box, I'm going to give you a job....a stage director. You are in charge of setting up props. Think big here. No much BIGGER! You are in charge of the **biggest event in all of history**... convincing millions and millions upon billions that they just witnessed the **second coming of Messiah**.

Can you do it? If not, stay outside that box with me for a while, you'll see some fascinating signs unfold before our very eyes. Whoever controls the weather wins the war! These weather engineers know exactly what needs to be sprayed to bring about the desired outcome. A drought here and a flood there! Get up early and look outside, hey go on...I won't tell!

As the day progresses, so does the weird clouds. I am not going to get into the science part of it but I do recommend an excellent article by Scott Stevens called, "**Chemtrails.**"

You think I'm crazy, don't cha? Well that's ok, give me a little more of your precious time and guess what? According to the world, you'll be crazy right along with me. Now you just hold on to your hat. Don't go flying off! Your eyes shall SEE! Since the following article is too long to post in its entirety, I will humbly post some of it. Be prepared to experience a real knee-jerker. To read the whole article online:

According to the "Daily Express": **Weather Wars? New evidence suggests US & Russia are embroiled in an illegal race to harness the power of hurricanes & earthquakes.**

"British government papers, just released by the National Archives, show that throughout the Seventies there was deep mistrust between the two superpowers over environmental warfare. The documents reveal that both the US, which led the field, and the Soviet Union had secret military programmers with the goal of controlling the world's climate. **"By the year 2025 the United States will own the weather."** one scientist is said to have

boasted...The Americans now admit that they invested 12 million over five years during the Vietnam war on "**cloud seeding**" - **deliberately creating heavy rainfall to wash away enemy crops and destroy** supply routes on the Ho Chi Minh trail, in an operation codenamed Project Popeye...In the US, the technology was developed under the high-frequency active aurora research program (**HAARP**) - Originally part of Ronald Reagan's controversial Star Wars defense system. Based in Gokoma, Alaska, the weapon operates by **beaming powerful radio waves into the upper atmosphere to alter weather patterns**... Michel Chossudovsky, professor of economics at the University of Ottawa in Canada, who has studied official military documents about **HAARP**, is in no doubt that the weapon is ready. "I don't think there are any peaceful applications - it is a **weapon of mass destruction**, capable of **major climatic disturbance**. Part of the beauty is that the enemy might never know that a weapon had been used. I believe the UN agreement is certainly being violated." The Russians are thought to have their own "weather steering" system, called Woodpecker, involving the transmission of low-frequency waves which are capable of disrupting the atmosphere and altering the path of the jet stream. It is claimed that a prolonged drought in California in the Eighties was caused by the blocking of warm, moist air for many weeks... **Damian Wilson**, a physicist with the Met Office, **believes it is possible to alter the course of a hurricane**, which could have enormous life-saving potential. **Scientists have also researched ways of triggering earthquakes.** By setting off small quakes, pressure could be released and a disaster averted. However, military scientists believe it is also possible to direct powerful energy beams into vulnerable fault zones, causing the Earth's plates to shift, creating a massive earthquake. Along fault lines beneath the oceans, the same technology could be used to launch devastating tsunamis...Former US defense secretary **William Cohen** warns: **"Terrorists are engaging even in an eco-type of terrorism whereby they can alter the climate, set off earthquakes and volcanoes remotely through the use of electromagnetic waves. It's real, and that's the reason why we have to intensify our efforts."**...Despite these

stark warnings, such is the immense power of nature, it seems inevitable that **Man will continue to play God.**"

Since I have already put myself on the line, I might as well go out a little further, right? The United States and the Russians are working **together!** I personally know the brother of the United States mad scientist who teamed up with the Russian scientist. Both, part of the **Club of Rome/ Club of 300**. Before the mad scientist turned mad, **Pope** John Paul II personally forgave him for the sins he was about to commit against mankind.

Why would the **Pope** be involved? As I answer that question please remember, we are still standing outside the box. The Pope is an active member, a real team player, he is. The Pope is working with the same crew, in **manipulating** the biggest **illusion** of all time... The arrival of the **Son of Perdition!** Not only does **anti-messiah**

mean against, as in an opponent but it also means in place of, as in a substitution.

I hope you have not forgotten that we are not dealing with rational people here but with **evil!** The **Messiah** tells us the following: **"If you people do not see signs and wonders, you do not believe at all."** (John/Yohanan 4:48). Those that believe in **Dominion Theology** know this. What do you think they are up to? Yep, you guessed it...they have been working overtime to come up with **signs** and **wonders** to trick even the elect, if it were possible! We are told the following: "And there shall be signs in the sun, and moon, and stars, and on the earth anxiety of nations, in bewilderment at the roaring of the sea, and agitation, men fainting from fear and the expectation of what is coming on the earth, for the powers of the heavens shall be shaken. "Then they shall see the Son of Adam coming in a cloud with power and much esteem. "And when these *matters* begin to take place, look up and lift up your heads, because your redemption draws near." (Luke 21:25-28)

The wicked weather is ever increasing. China has been hit hard. In the news, they are already calling the flood in Cedar Rapids, Iowa, **The Great**

Flood of 2008. According to news sources, they are saying 100 city blocks are underwater. The *Quaker Oats* building and the *corn mill*, both underwater. We will continue to witness catastrophic events like this. Do you wanna know why? See, they have read the verses describing the last days. One verse can be found in the book of Mark: "For nation shall rise against nation, and kingdom against kingdom: and there shall be earthquakes in diverse places, and there shall be famines and troubles: these are the beginnings of sorrows." (Mark 13:8)

Beloved, they are going to make the famines and earthquakes happen! Just totally forget that **Global Warming** scam! That Cyclone hit the area where the worlds 'rice' is grown. HELLO?

Some farmers have even been paid not to grow crops. This freaky weather is happening all over. Right now as I write, the mid-West is dealing with massive flooding while the East is reaching record breaking heat waves. Last year in my area, the mad scientists brought a very late frost. Resulting in many crops like grapes, peaches, apples, etc left with less than 1/4 of their average harvest. Later that same year a massive drought hit the same area.

Many farmers are now forced to sell their livestock because they are unable to afford the rising costs of hay and grain. Things are about to burst! Shortage of food is on the rise. Have you ever pondered how they can say the price of gas per gallon will be such-in-such by a certain time of year and so it is? Hmm, maybe it is because they make it happen. More layoffs are ahead as the economy barely survives. We could very well see the railroad system back in operation. It will seem good but in reality, this will be the first class tickets to the **F.E.M.A.** camps (Concentration camps). Those stimulate packages may very well be last meal tickets! Hey, what's that smell? Smells like **Dominion Theology** doesn't it? In order to deceive the people, the **evil doers** have to mirror those verses. Before we see **Yahuah's Wrath**, first we will witness **Man's Wrath** by weather manipulation, it has begun! Yes, they are **playing** God and will put the blame

on their God (1 John 5:9) not the Creator (**Yahuwah**). Remember Hurricane Katrina? Many preachers like Pat Robinson, Hal Lindsey, John Hagee, David J. Meyer and even a few Rabbi's jumped in the **pig-pen**, claiming Katrina was in some way or another an **act of God**. Some blamed it on sin, others because the United States supported the Gaza evacuation. They said it was punishment (judgment) from God. This is nothing new. Check out this quote by the late Jerry Falwell, **"AIDS is not just God's punishment for homosexuals; it is God's punishment for the society that tolerates homosexuals."** I would not be surprised if we see some disaster hit the United States now that homosexuals can legally get married in the state of California. Are you seeing how this works? This **blame game** will escalate to the revealing of the **Imposter! Yahuwah** will allow these evil ones to do this. Only those who have eyes to see will perceive what the **real famine** is: "Behold, **the days come, saith the Master Yahuwah that I will send a famine in the land, not of bread, nor a thirst for water, but of hearing the words of Yahuwah.**" (Amos 8:11)

Clearly, man will try to duplicate a **wrath**, a so-called **promise land**, enforce **universal laws** replacing the Ten Commandments and will set up a **world dictator** coming in place of the real **Messiah!** Get ready, change is coming, beloved one!
