What makes this conspiracy so very different from all of the others is that this one event has been ongoing for myriads of years; being passed down literally from generation to generation. Immeasurable amounts of people have died speaking out about this travesty. Sadly, many more will also experience the same outcome.

So what could this conspiracy possibly be, having caused so many deaths spanning over thousands of years and will cause even more such deaths in the near future? Who has gone up to the heavens and come down? Who has gathered the wind in His fists? Who has bound the waters in a garment? Who established all the ends of the earth? What is His Name, And what is His Son’s Name, If you know it?“ -Proverbs 30:4.

The ancient conspirators have tried to replace, erase and cover-up the name of the Creator and His Son, along with threatening and murdering anyone who would speak these two names. Yahuwah spoke through His servant the prophet Yehezqel warning the people that there was a conspiracy among the prophets who took away the names of Yahuwah (Ezek. 22:25).

The sacred name, Yahuwah started being suppressed during the time of Amos (6:10) and during the time of the great prophet Elijah (EliYahu).

Have you ever been called a conspiracy nut? Or maybe you met a few in your day? Regardless, I’m sure you know the type. Many of them secretly spend hours upon hours digging through the pages of history. They read endless reports to find some plausible reasoning to some of the outrageous world events. These major events to the conspirator theorist could have only been orchestrated by some secret elite in high positions. Upon solving the case, the word lunatic then echoes throughout the streets as most of society along with their fellow comrades consider the conspiracy theorist to not only be paranoid, irrational but totally misinformed. Sure every now and then one will come forward with some new evidence to prove their theory.

You might have heard of a few of these conspiracies: The assassination of US President John F. Kennedy. Can we forget Area 51? They say 911 was an inside job and these secret clubs along with their fellow comrades consider the conspirator theorist could have only been orchestrated by some secret elite in high positions. Upon solving the case, the word lunatic then echoes throughout the streets as most of society along with their fellow comrades consider the conspiracy theorist to not only be paranoid, irrational but totally misinformed. As Yahushua stood before the religious establishment, He taught ones. Esteemed His Father's Name and so did His infuriated the Jewish Tribune. You the Son of the Blessed? (Acts 26:14-15) Notice the language the Messiah spoke, and Shaul heard, was in the Hebrew tongue? The conspirators have desperately tried to cover up the Messiah's name by giving the Hebrew Saviour the Greek pronunciation, Zeus. In honour of the pagan deity of Zeus, Yes, it is true to the ancient Greeks, Zeus was the supreme deity. Zeal was considered to be the unconquered sun, the sky deity and the sun deity. Zeal means 'to shine'. According to Alexander Hislop's book, "The Two Babylons" (page 72) "It has been all along well enough known that the Greeks occasionally worshipped the supreme god under the name of Zeus."

In the 1611 version of the KJV, the prophet Elisha's name was translated to Eliezer (meaning mighty one is Zeus). I know it is outrageous but please bear with me. This great conspiracy has been ongoing down through many generations. Most modern KJV, now use Elie-se'u which still means the same as Eli-Zeus. And the name Jesus is pronounced in Spanish as Hey-Sus. Taking all this into consideration the druids called on Jesus. The conspiracy continues to this day. Just as I reported back in the Feb./March newsletter regarding the inauguration of Barak Obama, Mr. Rick Warren (CFR member) prayed in front of the whole world. In concluding his prayer he mentioned the following names: Yahushua, Jesus (John 1:14) and Jesus. To help prove this great conspiracy check out what the following website published: (emphasis added) "When Rick Warren was praying, he said in conclusion, "I humbly ask this in the name of the one who changed my life, Yesha, Isha, Jesus (Spanish pronunciation: Jesus)"

"I say to you that if these shall be silent, the stones would cry out." –Luke 11:52. Do you hear? Beloved ones clearly, there is an ongoing conspiracy of not saying the name Yahushua and His Son's name, Yahushua! The same anti-messiah spirit that is working today was already working through the religious and state leaders during the Roman era to try and destroy the Messiah. Through the gentiles to impale the Messiah, they also tried to stop the taught ones from speaking in the name of Yahushua. The rulers, elders, High Priest, priests and Sadducees were all greatly annoyed because the early taught ones were teaching the people in the name of Yahushua. The Spirit of the Lord was upon them, and even threatened (Acts 4:17-18) not to speak at all in the name of Yahushua. When Shaul was called up, accused of being the ring leader of the group the whole uproar was over the law of the Jews on words and names. Of course the Name of Yahushua was replaced with the name of Baal (Lord) clearly, the Son's name has also been replaced. Since we are told in Scriptures there is no new matter under the sun (Ecclesiastes 1:9) just as it was back then so it is today. Quite a few children of Yisra'el want to be acceptable to God. Let me share something with you. This page is in use as the conspiracy continues. Once more will the conspirators try to silence these two names through the Noahide Laws.
